Docket No. 08-167; and ET Docket No. 10-24  
Notice of Ex Parte Communication

Dear Ms. Dortch:

In accordance with Sections 1.1206 of the Commission's Rules, 47 C.F.R. §§ 1.1206, at the invitation of Scot Stone, Deputy Director of the Wireless Telecommunication Bureau ("WTB") Mobility Division, the undersigned, along with Ellen C. Ginsberg, Vice President & General Counsel of the Nuclear Energy Institute ("NEI"), Brett Kilbourne, Associate Counsel of the Utilities Telecom Council ("UTC"), Jeffrey L. Sheldon, Counsel to Southern Company Services, Inc., Donald L. Herman, Jr., Counsel to Arizona Power Service Company, and Jonathan Wiener, Counsel to American Electric Power and Progress Energy, met yesterday with Mr. Stone, Julius P. Knapp of the Office of Engineering and Technology ("OET"), Bruce Romano of the OET, Ira Keltz of the OET, Rodney Conway of the WTB Mobility Division, and Paul d'Ari, of the WTB Spectrum & Competition Policy Division.

NEI and UTC have pending a Petition for Waiver in WT Docket No. 09-176, through which NEI and UTC seek the right, on behalf of the 65 nuclear plant licensees that are their members, to obtain licenses under Part 90 in order to continue to use two-way wireless headset equipment for indoor communications requirements. During the meeting, the parties discussed their recent Ex Parte filings, submitted on May 14, 2010 and May 28, 2010, as well as the challenges and timetable associated with transitioning from using spectrum at 698 MHz-806 MHz, and the options for longer-term access to spectrum below 698 MHz.
